2 Channel Digital Lab + Kitchen Timer with Color Coded LED Lights

24 hour count down/count up timer features color-coded LED buttons and a large, easy to read screen.

This timer features a small footprint with an attractive white and black plastic housing and large LCD screen with 3/4" high digits. Count up or count down in hours, minutes and seconds to an audible alarm with LED light. Mode button allows you to easily switch between timer and clock modes. Includes fold-out desk stand and hanger, plus magnetic back and two AAA batteries and instructions.

- Durable Construction: Timer is designed for long-lasting and reliable performance in most any environment.
- Easy to Use: With a digital display and set time reminder function, this timer allows users to easily keep track of time in the lab, kitchen or anywhere.
- Versatile: Suitable for both home and lab use, this timer can be used for a wide variety of tasks.
- Clock Function: Easily switch between Timer and Clock modes.
- Desktop or Wall Mount: Back of unit features a folding stand, wall hanger and two magnets for use almost anywhere.

Dimensions: 3-1/4" x 2-5/8" x 7/8" (83 x 67 x 22 mm)
Weight: 2.5 oz. (71 g)
