

WASTE OIL EVACUATION HOSE REEL

NEW

EVACUATION REEL

Reel is designed to work with diaphragm pumps for used oil evacuation

RIGID CONSTRUCTION

Base plate and support post are built from heavy 1/4" plate steel to reduce flexing and fatigue

MOUNTING FLEXIBILITY

Multi-position guide arm is easily adjusted for ceiling, floor, wall, tank, or truck mounting

	For Use On	Hose Size	Max PSI	Delivery Hose	Hose Stop	Hose Length	Inlet/Outlet	Weight
TIM-3612-30E	Used/Waste Oil	3/4"	210 PSI	TIM-4412-30	TIM-430	30'	3/4"	51 lbs.
