Battery Gauges

For use with 12V-72V Lead Acid (Wet Cell) and AGM Batteries

The most advanced and reliable battery gauge on the market!

- Accurately displays battery state/charge status
- Each gauge is calibrated to a specific voltage
- Easy installation
- Durable and water resistant
- Easy to read color coded LEDs
- Uses intuitive technology to adapt to a wide range of applications
- PROView Link™ compatible!

PROView™
LINK

PROView Link™ is a mobile app that allows you to wirelessly monitor and manage the condition of your batteries.

*We also offer gauges (BFGs) for Lithium applications.

Battery Gauges (BFGs)

For use with 12V-72V Lead Acid (Wet Cell) and AGM Batteries

PROView Link™ is a mobile app that allows you to wirelessly monitor and manage the condition of your batteries.

From your smart device you can:

- 📱 View real time data as charging is in process
- 📱 Review charging data history (up to 200 Cycles)
- 📱 Know if your equipment is fully charged or where it is in the process
- 📱 Monitor state of charge/health, pack voltage and more
- 📱 Receive free over-the-air updates

Common Applications

- Boats
- Golf Carts
- Utility Vehicles
- Aerial Lifts
- Lift Trucks
- Scrubbers
- Lawn Equipment
- Emergency Vehicles
- and More...

All Round BFGs Weight: 8 oz. Size: 2.25" Diameter x 2.5"L Cable: 13' Installation is easy with self-ratcheting back. Requires a 2" cutout.

Model	Sample Battery Configuration
BFGWOV12V	12V System - 1-12V Battery, 2-6V Batteries
BFGWOV24V	24V System - 2-12V Batteries, 4-6V Batteries
BFGWOV36V	36V System - 3-12V Batteries, 6-6V Batteries
BFGWOV48V	48V System - 4-12V Batteries, 8-6V Batteries, 6-8V Batteries
BFGWOV64V	64V System - 8-8V Batteries
BFGWOV72V	72V System - 6-12V Batteries, 9-8V Batteries, 12-6V Batteries

Model	Sample Battery Configuration
BFGWOM1112V/12V	1 x 12V Trolling battery / 12V Cranking battery
BFGWOM1512V/12V	1 x 12V Trolling battery / 12V Cranking battery
BFGWOM1124V/12V	2 x 12V Trolling batteries / 12V Cranking battery
BFGWOM1524V/12V	2 x 12V Trolling batteries / 12V Cranking battery
BFGWOM1136V/12V	3 x 12V Trolling batteries / 12V Cranking battery
BFGWOM1536V/12V	3 x 12V Trolling batteries / 12V Cranking battery

All Rectangular BFGs Weight: 8 oz. Size: 2.1" x 1.25" Cable: 13' Installation is simple with self-ratcheting back and requires a 1.065" x 1.58" cutout. **Ordering Instructions:** Horizontal configuration is standard. For vertical configuration add a "V" to the end of the model number. *(ie. BFGWOVR12VV)

Model	Sample Battery Configuration
BFGWOVR12V	12V System - 1-12V Battery, 2-6V Batteries
BFGWOVR24V	24V System - 2-12V Batteries, 4-6V Batteries
BFGWOVR36V	36V System - 3-12V Batteries, 6-6V Batteries
BFGWOVR48V	48V System - 4-12V Batteries, 8-6V Batteries, 6-8V Batteries
BFGWOVR64V	64V System - 8-8V Batteries
BFGWOVR72V	72V System - 6-12V Batteries, 9-8V Batteries, 12-6V Batteries
