

## Welding adapter for process sensors

WELDING ADAPT G1 ST52-3

Article to be discontinued  
Discontinuation date: 03/31/2025

Alternative articles: E30013

When selecting an alternative article and accessories please note that technical data may differ!

- 1 sealing area
- 2 G1 Internal thread
- 3 Sealing edge

## Application

|                         |                                     |       |
|-------------------------|-------------------------------------|-------|
| Pressure rating         | 50 bar                              | 5 MPa |
| Note on pressure rating | for the connection sensor - adapter |       |

## Tests / approvals

|                              |                                                                                                               |
|------------------------------|---------------------------------------------------------------------------------------------------------------|
| Pressure equipment directive | A possible classification to PED depends on the application and has to be carried out by the user / operator. |
| Safety instructions          | The compatibility between medium and product material has to be checked in all applications.                  |

## Mechanical data

|                          |                                                                          |
|--------------------------|--------------------------------------------------------------------------|
| Weight [g]               | 295.5                                                                    |
| Materials (wetted parts) | steel (1.0570 / S355J2) surface characteristics: Ra < 0,4 µm / Rz = 4 µm |
| Sensor connection        | G 1 sealing cone                                                         |
| Process connection       | Welding adapter Ø 50 mm                                                  |

## Remarks

|               |        |
|---------------|--------|
| Pack quantity | 1 pcs. |
|---------------|--------|
