

E35210

Welding thermowell for temperature sensors

WELDING THERMOWELL G1/2

Application		
Design	for temperature sensors EL = 100 mm	
Pressure rating	100 bar	10 MPa
Measuring/setting range		
Probe length L	[mm]	73
Mechanical data		
Weight	[g]	315.7
Dimensions	[mm]	Ø 10
Material	stainless steel (1.4571/316Ti)	
Sensor connection	G 1/2	
Process connection	Welding adapter Ø 30 mm	
Surface characteristics Ra/Rz of the wetted parts	Ra < 0.6 µm	
Remarks		
Pack quantity	1 pcs.
