

E35220

Welding thermowell for temperature sensors

WELDING THERMOWELL G1/2

Application

Design for temperature sensors EL = 200 mm

Pressure rating 100 bar 10 MPa

Measuring/setting range

Probe length L [mm] 173

Mechanical data

Weight [g] 505

Dimensions [mm] Ø 10

Material stainless steel (1.4571/316Ti)

Sensor connection G 1/2

Process connection Welding adapter Ø 30 mm

Surface characteristics Ra/Rz of the wetted parts Ra < 0.6 µm

Remarks

Pack quantity 1 pcs.
