App record

The screenshot shows the 'Record File' interface. It displays the recording time as 09/02/2022 11:59:14 and the sample rate as 1s. It lists the maximum, minimum, and average values for temperature and humidity. Below this is a table with 7 rows of recorded data.

No.	Data Value (°F)	Data Value (%RH)
1	82.40	51.30
2	82.50	51.20
3	82.50	51.10
4	82.50	51.00
5	82.50	51.00
6	82.50	51.00
7	82.50	51.00
