

Improve business efficiency • Improve employee workplace safety • Improve patient care & management

2" Molded Ring Binders

Molded 2 inch ring binders are made of hospital grade tri-polymer material that is strong, flexible and easy to clean. Equipped with our patented twin-hinge system, sheets are easily added and secured in the binder. They are warranted to last and can with-stand the hardest use without ripping or ring failure. These binders are available with 3 or 5 heavy duty ring options as well as a variety of fade-resistant colors to compliment your office or home needs. Each binder can accommodate up to 375 plus sheets.
