24 Hour Digital Lab + Kitchen Timer with LED Light

24 hour count down/count up timer with large control buttons and ¾" high digits.

This timer features a small footprint with an attractive and functional white and black plastic housing. Count up or count down in hours, minutes and seconds to an audible alarm with LED light. Mode button allows you to easily switch between timer and clock modes. Includes folding stand and hanger, two AAA batteries and instructions.

- Durable Construction: Timer is designed for long-lasting and reliable performance in most any environment.
- Easy to Use: With a digital display and set time reminder function, this timer allows users to easily keep track of time in the lab, kitchen or anywhere.
- Versatile: Suitable for both home and lab use, this timer can be used for a wide variety of tasks.
- Clock Function: Easily switch between Timer and Clock modes.
- Desktop or Wall Mount: Back of unit features a folding stand, wall hanger and two magnets for use almost anywhere.

Dimensions: 3-1/4" x 2-5/8" x 7/8" (83 x 67 x 22 mm)
Weight: 2.5 oz. (71 g)
