

TACH-IT®

is Entry Level Automation™ (ELA™)

BEN CLEMENTS & SONS, INC.

We Offer Solutions for Productivity.

Model # LB-7:

Bottle and Cylindrical Product Label Applicator.

- Automatic label applicator for use on round products such as tubes used for pre-rolled cigarettes in the cannabis market to one gallon jugs and any diameter in between.
- Able to apply a 1 label or front and back labels if they are alternating on the label web.
- Can label tapered products due to the easy to adjust product cradle.
- Used in many applications such as; pharmaceutical, medical, cannabis, wineries and micro-brewers, healthcare, personal care products and for many other products packed in bottles, jars and other types of round containers.
- The Tach-It LB-7 has a fully adjustable product guide for consistent labeling of products from 1/2 inch to 6 inch in diameter.
- Easy to use, the LB-7 is activated by pressing a button on the pressure roller.
- Label web rewinder and push button controller for all label settings.
