Model #WAT-J

Electric Water Activated Tape Dispenser for Jumbo rolls of tape up to 12" in diameter.

- Our WAT-J is MADE IN ITALY.
- Heavy duty construction with a corrosion resistant body.
- Ultra quiet cycle and can dispense 52 inches of water activated tape per second.
- Cuts tape lengths up to 46 inches (1170 mm) long. Has buttons for pre-programmed lengths, 2 operator programmable buttons and can dispense random lengths.
- Wider brush for better and more consistent water coverage on the tape. The better the water coverage, the better adhesion of the tape to the carton.
- Adjustable temperature heater is standard on the WAT-J, not an option.
- Ergonomic right handed design. For tape rolls up to 1000 feet, 12" in diameter.
- 45 ounce water bottle for all day productivity.
