

United Scientific™ PinPoint™ Pipette Controller

Ultra light and powerful pipette controller is designed for comfort as well as accuracy. Intuitive 6 level speed setting and sensitive triggers provide a wide range of aspirating/dispense speeds. Pipette controller is ergonomically designed for extended usage; the lithium-ion battery charges quickly and can provide up to 8 hours use.

- **Compatible with glass or plastic serological pipettes (.1 mL - 100 mL)**
- **LCD indicates battery charge and 6 speed levels**
- **Fills a 25 mL pipette in less than 5 seconds**
- **Lithium-ion battery charges fully within 3 hours and can provide up to 8 hours use***
- **Accessories include: desk stand, wall mount, extra filter, and AC adapter with USB connection**
- **Meets the requirements of the applicable EU directives, UK regulations, UL, and CAN / CSA**

LCD indicates battery charge level and aspirate / dispense speed settings

United Scientific™ PinPoint™ Pipette Controller
