CWL100 Cloud Wireless Data Logger

Type	Options	1	2	3	4	5	6	7	8	9	10	11
Radio Type	Region Radio Frequency North America region (FCC + CSA)	A										
	Region Radio Frequency Europe (ETSI)	E										
Probe Type	No measurement probe		0									
	Environment Humidity and Temperature Probe		1									
	Calibrated Environment Humidity and Temperature Probe		2									
	Calibrated Remote Steel Humidity and Temperature Probe		3									
	Calibrated Environment Temperature Probe		4									
	Calibrated 5-point Temperature Probe with 0.5 m Cable		5									
	Calibrated 5-point Temperature Probe with 3.0 m Cable		6									
	Calibrated 6-point Temperature Probe with 3.0 m Cable		7									
	Calibrated Environment Temperature Probe 1T calib		8									
	Environment Temperature Probe		9									
Sensor Protection	Plastic Grid for HMP63/115			A								
	Membrane filter for HMP63/115			B								
	Membrane filter for HMP110			C								
	No sensor protection			N								
Probe Cables	No probe cable				0							
	1.5 meter cable				1							
	3 meter cable				2							
	10 meter cable				3							
Logger Mounting Accessory	Mounting bracket for logger					A						
	Mouting bracket with magnets for logger					B						
	No logger mounting accessories					N						
Probe Mounting Accessories	No probe mounting accessories						0					
Custom Calibration	No special calibration							N				
Battery Type	1.5 V Alkaline batteries								1			
	1.5 V Lithium batteries								2			
Packaging	Standard packaging									1		
	Large Standard packing									2		
Cloud Account	Cloud Account Setup with North America Region Datacenter										A	
	Cloud Account Setup with Europe Region Datacenter										E	
	Cloud Account Setup with Custom Cloud Account, North America Datacenter										X	
	Cloud Account Setup with Custom Cloud Account, Europe Datacenter										Y	
Custom Settings	No custom settings											0
