TMI110 Immersion Temperature Transmitter

Type	Options	1	2	3	4	5	6	7	8
Output signals	4...20 mA 2-wire	2							
	4 ...20 mA 2-wire with display	4							
	Modbus	M							
	Modbus with display	N							
Measured parameter for channel 1	Temperature 0 ... +50°C (32 … 122 °F)		A						
	Temperature -10 ... +40°C (14 … 104 °F)		B						
	Temperature -40 ... +60°C (-40 … 140 °F)		C						
	Temperature 0 ... +100°C (32 … 212 °F)		D						
	No Scaling, Option For Modbus		N						
	T special scale °C, please specify:		X						
	T special scale °C, please specify:		Y						
Measured parameter for channel 2	No Option			N					
Identity	Vaisala				V				
Probe length	Probe Length 100mm					1			
	Probe Length 150mm					2			
	Probe Length 200mm					3			
Reserved2	No Option2						0		
Display units	Metric Units							1	
	Non-Metric Units							2	
	Metric units only (cannot be changed after delivery)							3	
	No Display							N	
Reserved4	No Option4								N
